- Supervised IM/IT staffs of up to 6 people.
- Coordinated the downsizing of an IBM System 36 data center to a Novell network.
- Performed operating system updates in AS/400 systems.

PROFESSIONAL HISTORY

Interpec Inc. - San Juan, PR   1990 to October 2004

Interpec is a Quality Control/Quality Assurance Software Company based in Mahwah, New Jersey. The company offices are located Mahwah, New Jersey and Lyon, France. This company is the worldwide provider of the INQAS (Integrated Quality Assurance Software) for the AS/400 platform.

Systems Consultant

- Designed, developed and deployed interfaces between INQAS and MAPICS/BPCS/PRMS/SAP.
- Designed, developed and deployed the VQM (Vendor Quality Monitoring) of the INQAS application.
- Provided customer support to companies such as Janssen, Loctite, Pepsi Cola, Givaudan Roure and others.
- Produced test scripts for the validation of the INQAS 3.5 software.
- Designed, developed and deployed PC application programs using Paradox.
- Prepared deployment checklists.
- Prepared automatic installation programs for AS/400 software.

Easton Inc. - Palo Seco, PR   1989to 1990

Easton was a contract manufacturer of detergents for well known trade mark companies.

Programmer/Analyst

- Downsized the IBM SYS/36 system to a NOVELL LAN.
- Designed, procured, installed and managed the NOVELL LAN at the Palo Seco and South Pearl facilities in Guayanilla.
- Supervised a staff of 3 people.

Bromon Aircraft Corporation - Aguadilla, PR   1988 to 1989

Bromon Aircraft Corporation was an aircraft design/manufacturer company originally based in Las Vegas, Nevada and later moved its offices to Aguadilla, Puerto Rico. I was hired to perform the startup of the company's IT/IM department.

MSS Supervisor

- Designed, procured and coordinated the installation of the NOVELL WAN between Las Vegas, San Diego and Aguadilla locations.
- Managed the NOVELL WAN from the Aguadilla location.
- Coordinated the implementation of the SOLOMON business software. Provided customer support.
- Procured and installed the KRONOS Time keeping hardware and software.
- Procured and implemented the "El Coqui" time keeping application interfacing with the KRONOS software.
- Recruited and supervised a staff of 6 people.
- Managed a budget of near 1 million dollars.
